

- **Answers to practice X' trees**

Reminder: The X' (read "X-bar") schema

- The **X' schema** is a blueprint for sentence structure in our model of mental grammar

- An element in parentheses (...) is **optional**

Practice building NPs

- **NP:**

- Some examples to try
rabbits
these rabbits
the child's rabbits

Practice building NPs

- Remember: Identify all word categories first

rabbits

these rabbits

Practice building NPs

- Every N will project an N' and NP

^N
rabbits

Det ^N
these rabbits

Practice building NPs

- Det is a possible specifier for NP

Practice building NPs

- Identify all word categories first

the child's rabbits

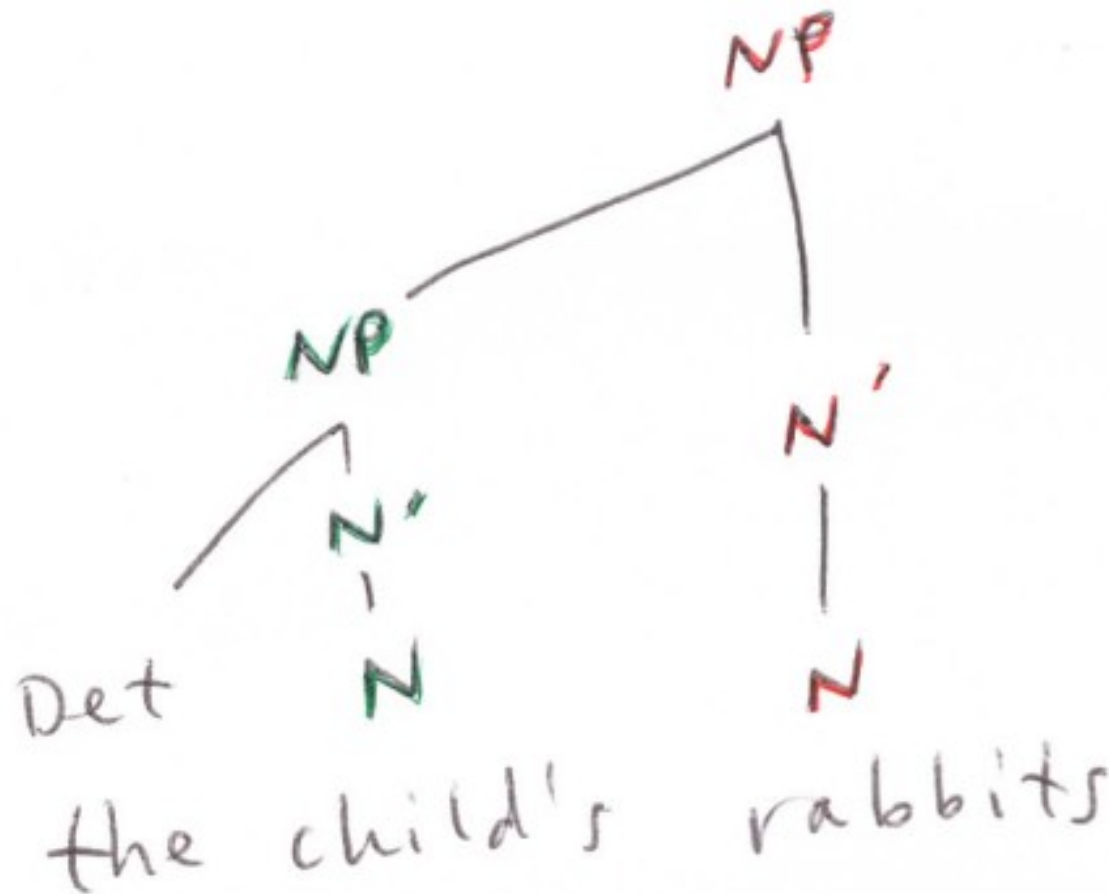

Practice building NPs

- There are two Ns here, so we must build two NPs

Det N N
the child's rabbits

Practice building NPs

- Possessors are NPs that are specifiers of NPs

Practice building VPs

- **VP:**

- Adv = adverb (*always, never, happily, etc.*)
- Some examples to try
 - (Oscar) yawned*
 - (Grover) always smiles*
 - (Susan) read a book*
 - (Ernie) usually annoys Bert*

Practice building VPs

- Identify all word categories first

(oscar) yawned (Grover) always smiles

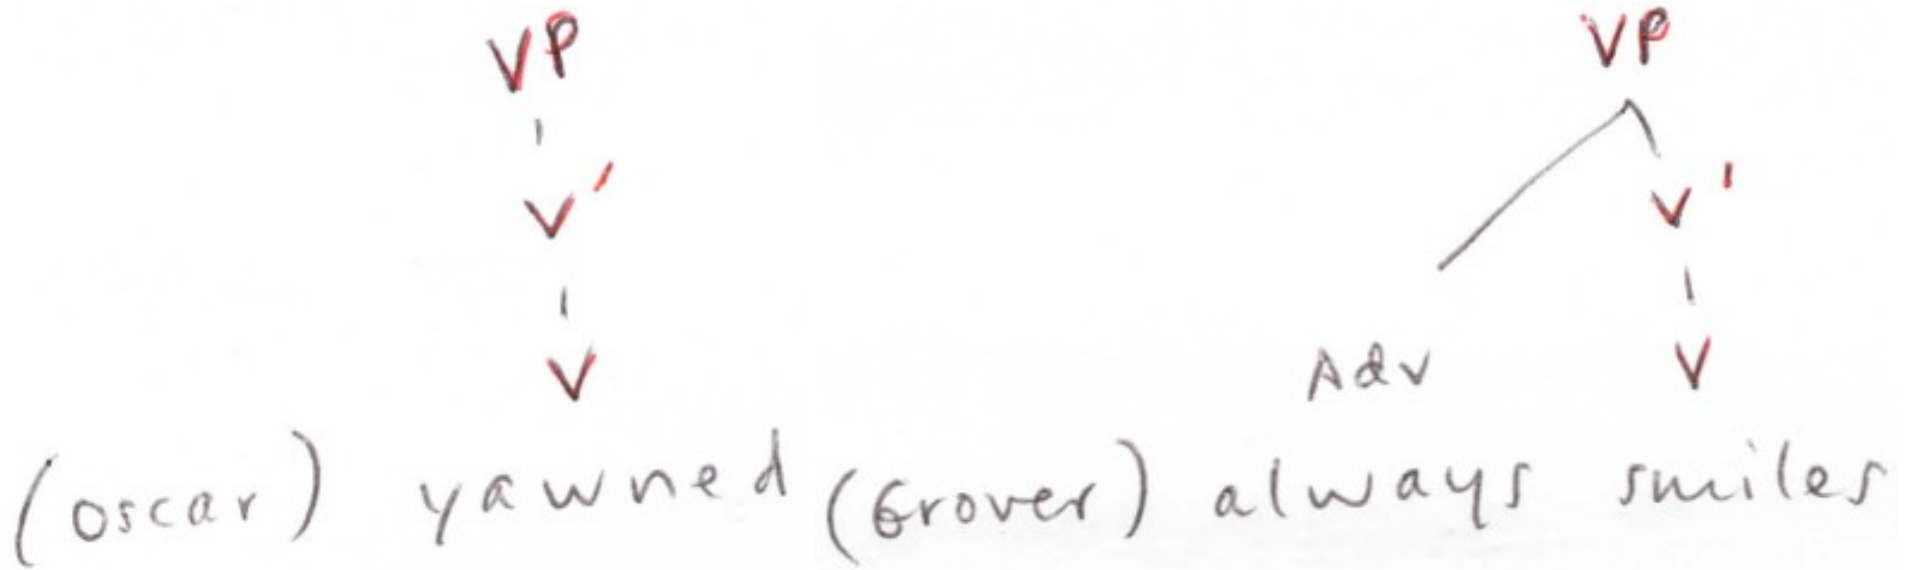

Practice building VPs

- Look for possible specifiers and complements

(oscar) ^vyawned (Grover) ^{Adv}always ^vsmiles

Practice building VPs

- Adv is a possible specifier for VP

Practice building VPs

- Identify all word categories first

(susan) read a book (ernie) usually annoys Bert

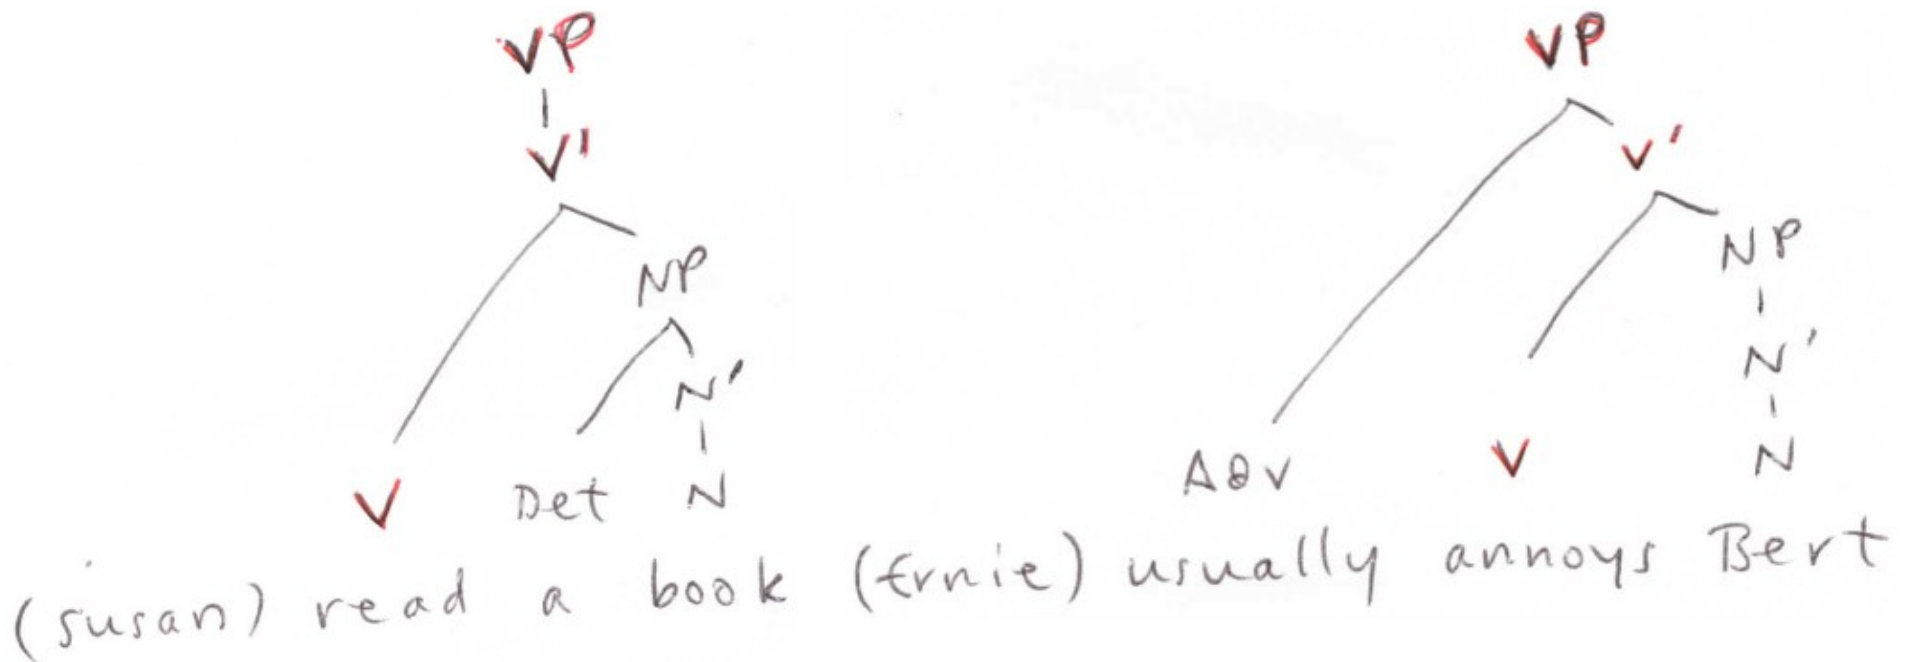

Practice building VPs

- Look for possible specifiers and complements

(susan) ^V read ^{Det} a ^N book (ernie) ^{Adv} usually ^V annoys ^N Bert

Practice building VPs

- Direct objects are NP complements of VP

Remember: *Bert* must be an NP, not just an N

- All Ns project NPs
- Complements are phrases, not words

Practice building PPs

- **PP:**

- Deg = degree word (*right*, certain adverbs)
- Some examples to try
 - (Oscar went) out*
 - (Susan put the basketball) right in*
 - (a book) about rabbits*
 - (a liking) for truffles from France*

Practice building PPs

- Identify all word categories first

(Oscar went) out (Susan put the b.ball) right in

Practice building PPs

- Look for possible specifiers and complements

(Oscar went) ^P out (Susan put the b.ball) ^{Deg} right ^P in

Practice building PPs

- Remember: Complement is optional for PP!

(Oscar went) out (Susan put the b.ball) right in

Practice building PPs

- Identify all word categories first

(a book) about rabbits

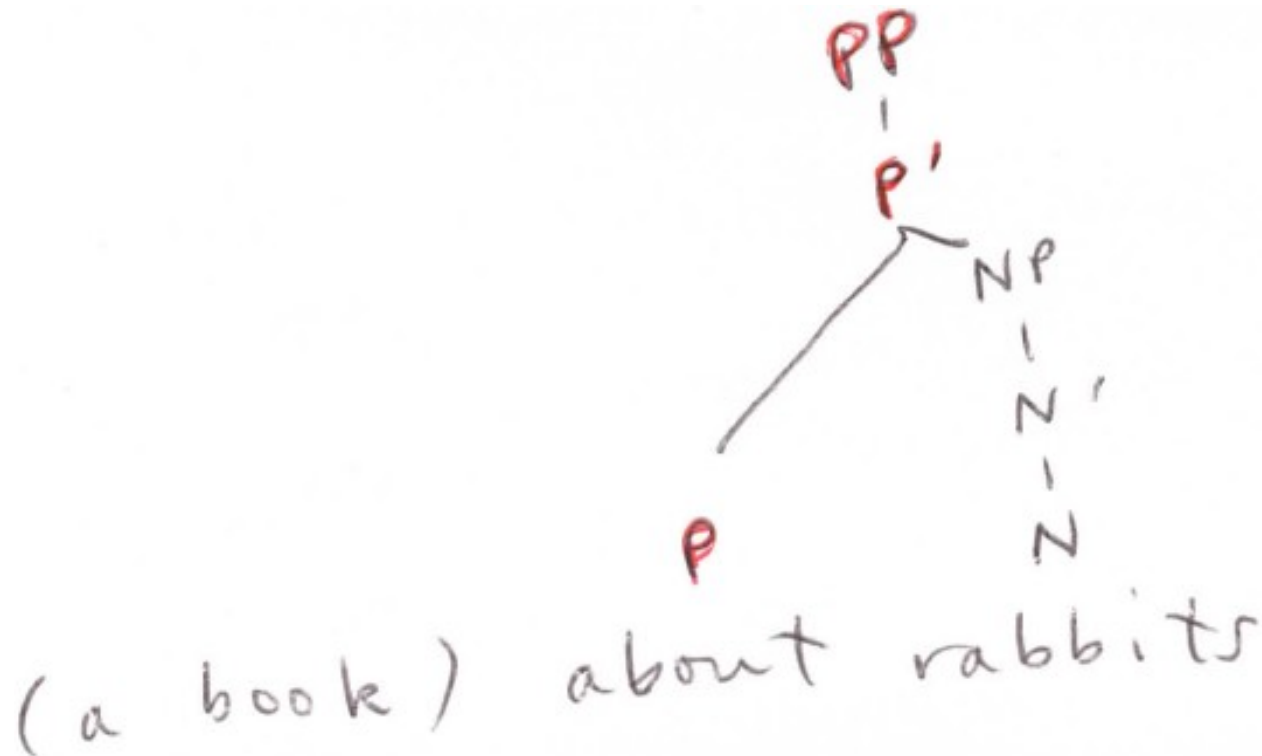

Practice building PPs

- Look for possible specifiers and complements

(a book) ^P about ^N rabbits

Practice building PPs

- Prepositional objects are NP complements of PP

- Remember that *rabbits* has to be an NP!

Practice building PPs

- What should we do first?

(a liking) for truffles from France

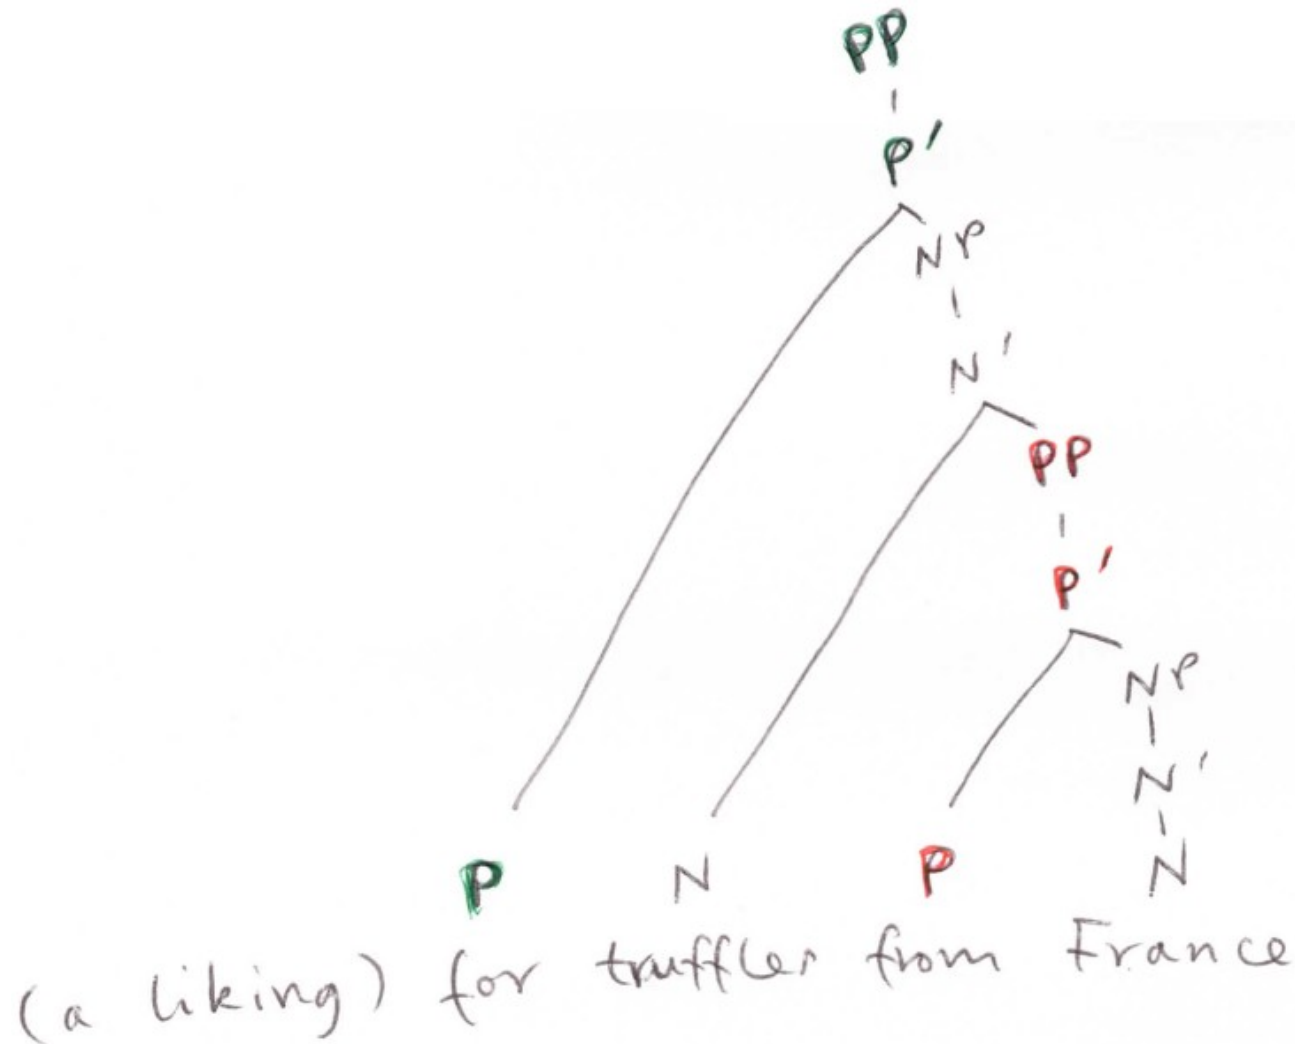

Practice building PPs

- It is often helpful to work from the right side

(a liking) ^P for ^N truffles ^P from ^N France

Practice building PPs

- Note how *from France* is about *truffles* here

Practice building APs

- **AP:**

- Some examples to try
happy
very angry
pleased with the results
fond of her dog

Practice building APs

- What should we do first?

happy

very angry

Practice building APs

- What should we look for now?

A
happy

Deg
very

A
angry

Practice building APs

- Deg is a possible specifier for AP

Practice building APs

- What should we do first?

pleased with the results

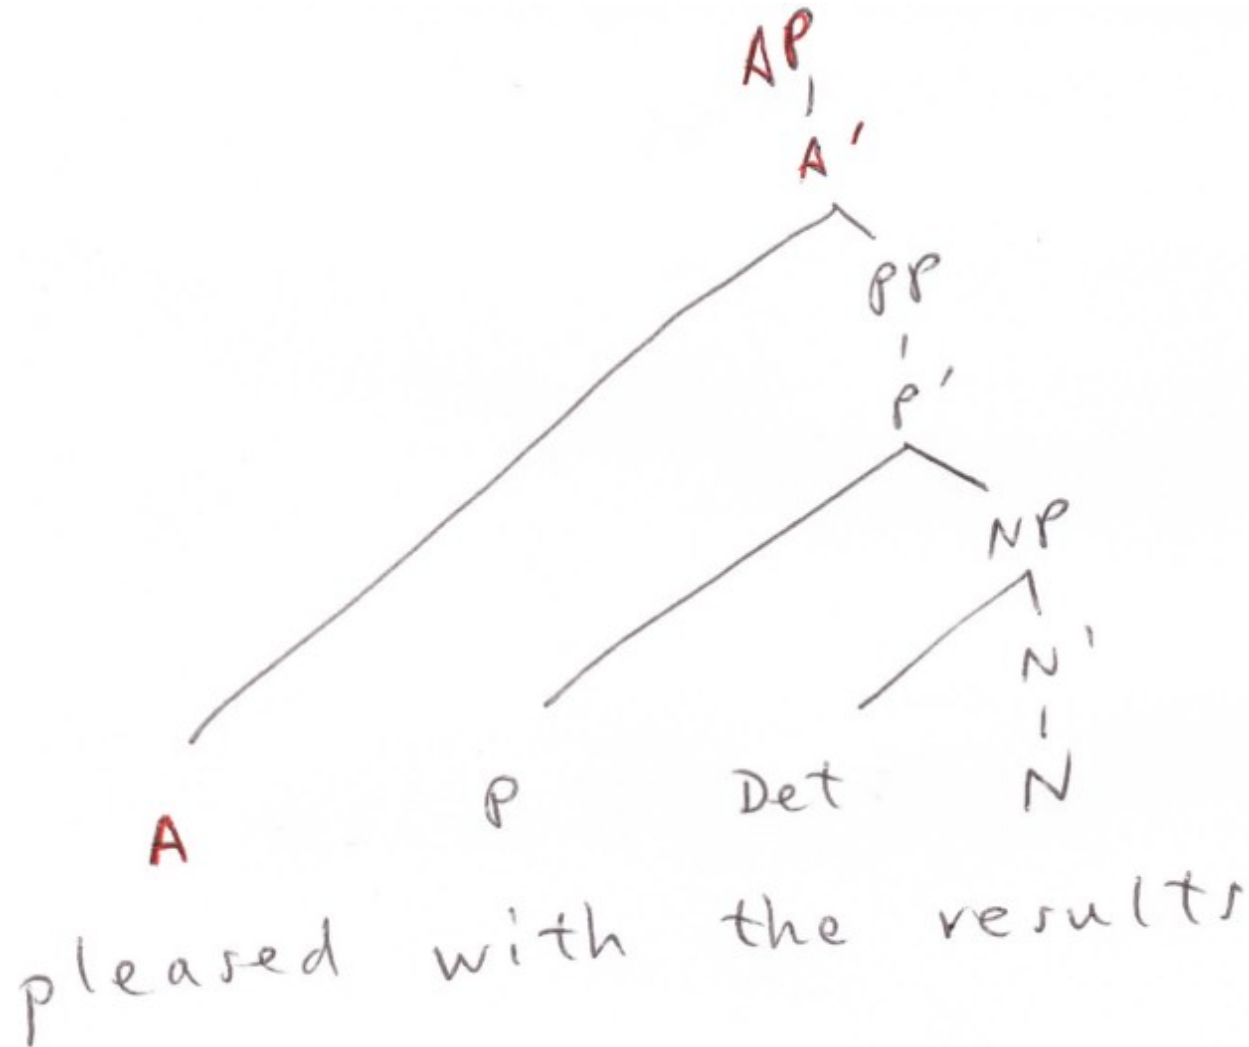

Practice building APs

- Working from the right side will help here

A P Det N
pleased with the results

Practice building APs

- When AP has a complement, it's usually a PP

Practice building APs

- What should we do first?

fond of her dog

Practice building APs

- What should we do next?

A P N N
fond of her dog

Practice building APs

- Watch out for the possessive!
