

Linguistic Phonetics: Project Proposal

	Excellent (A)	Competent (B-C)	Needs work (D-F)
Research questions / background for the project	<ul style="list-style-type: none"> • Big-picture research question is clear, explicit • Measurable RQ(s) are specific and quantitative • RQs are justified with ≥ 1 citation to past work 	<ul style="list-style-type: none"> • Big-picture research question included • Measurable RQ(s) are vague or not quantitative • Only justification or only citation provided 	<ul style="list-style-type: none"> • No discernable big-picture research question • No discernable measurable RQ(s) • No justification and no citation
Initial proposal for materials, task design, analysis plan <i>(subject to feedback and revision when Analysis Plan is submitted later)</i>	<ul style="list-style-type: none"> • Plan for experiment materials (words, sentences): explains what the conditions are, how this addresses RQs • Plan for experiment design: what participants will do, how stimuli will be presented (PPT? list?) • Plan for analysis: what to measure; landmarks; role of experiment conditions in comparison is clear 	<ul style="list-style-type: none"> • Experiment materials summarized, but structure of stimulus set not clear • Materials/RQ connection not explained • Experiment design not explained • Analysis plan gives some details but not all • Role of experiment conditions in comparison not clear 	<ul style="list-style-type: none"> • Experiment materials not addressed • Experiment design not addressed • Plan for data analysis not addressed
Technical points (less weight)	<ul style="list-style-type: none"> • Reference(s) in specified citation format (or close) • Easy to read; few errors 	<ul style="list-style-type: none"> • Reference(s) have wrong or inconsistent format • Multiple typos or errors • Separate ideas combined into large paragraphs 	<ul style="list-style-type: none"> • No references provided • Difficult to read • Many typos or errors

- The project proposal is worth 10% of the project grade
