

Groups for the data presentation**A. Questions for everyone**

- (1) Your name
- (2) If you already have a group you would like to work with:
Who are the people in your group? (If fewer than four, someone will be joining you.)

B. Questions for anyone who does not have a complete group of four specified:

- (3) What level of linguistics background would you say you have?
 - (a) beginner: Ling 101, but not many other courses
 - (b) intermediate: Several courses beyond Ling 101
 - (c) advanced: Many ling courses [if you are a grad student, please circle this option]
 - (d) other? (please specify)
- (4) Do you have any specific interests in morphology that you would like to pursue in your data presentation? Or, do you have a language or language group or area that you already think you would like to look at? (Remember that it must be a language that you do not speak and have not studied. Past experience only from problem sets in linguistics courses is okay, though.)
- (5) Where do you live? (This question is to try to make groups logistically feasible.)
 - (a) on campus
 - (b) in Chapel Hill/Carrboro
 - (c) in Durham
 - (d) in Raleigh
 - (e) other
 - Are you available to meet with your group in the evenings?
- (6) Is there anything else I should take into account when forming your group?
